Welcome!

Custom Sheds Plus is a locally and family owned business in Syracuse, IN. We strive for top quality materials, workmanship, and customer service.

Our friendly and helpful sales team will be pleased to provide guidance on selecting the right model for your needs. Serving you with a positive experience, and great customer satisfaction!

All our buildings are delivered with an experienced driver, that is skilled in getting your building in a level position. Using a mule to set your building, leaving no ruts in your lawn.

With 20 years of construction experience, our team at Custom Sheds Plus ensures you that every building is built with quality, durability, and integrity, to provide you with a lifetime of use from your building.

Built with industry leading products from LP Outdoor Building Solutions. Prostruct Flooring, Smartside with Silvertex, Roof Sheathing with Silvertex, and Miratec Trim. Options on page 20 and 21.

The Custom Sheds Plus Advantage

Our goal is to provide a structure that exceeds your expectations! We are so sure that we are doing our best to bring you a better structure, that we want you to be able to see the superior construction details!

Gable Shed

The "Gable Shed" is one of our most popular models. It is an ideal option for storing your ATV, zero-turn lawnmower, or golf cart! The Gable Shed also makes an excellent workshop, with higher sidewalls to give you ample room for adding shelves, workbenches, and even a small loft. If you are looking for a place to relax and tinker around in, or make space to finally get the car back in the garage, the Gable Shed is what you need!

CUSTOM SHEDS PLUS LLC

The Custom Sheds Plus Advantage

Our goal is to provide a structure that exceeds your expectations! We are so sure that we are doing our best to bring you a better structure, that we want you to be able to see the superior construction details!

Lofted Barn

The “Lofted Barn” is a widely known favorite! Its traditional barn shaped roof brings the classy backyard appearance many love. The spacious loft gives you ample opportunity to store all your small seldom used items up high, freeing your floor space for larger items. The phrase we hear repeatedly is, “Ah, my Christmas stuff can all go up there!” The split lofts, one on each end, are a very popular choice, giving you a “his & hers” option!

CUSTOM SHEDS PLUS LLC

Our
Star
Option

Closed Cell Spray Foam

Are you looking to get the most out of your new building by using it in winter?
Invest in this popular option!

ABOUT CLOSED CELL SPRAY FOAM

With the rising demand of an insulated building, we have invested in a spray foam machine to better serve your needs.

This gives us the ability to insulate your building without interrupting the production line. The foam we spray is a closed cell spray foam, providing you with an R-value of 7.5 per inch.

Rampage Door

The Rampage Door is a great option if you're looking for a heavy duty ramp that will disappear when not in use. With its spring system, it doesn't require a lot of effort to operate.

- MONTH BY MONTH AGREEMENT
- FLEXIBLE TERMS (24, 36, 48, 60 MONTHS)
- MULTIPLE PAYMENT OPTIONS (ONLINE, BY PHONE, AUTO PAY, E-BILLING)
- EARLY PURCHASE OPTION (EPO): THERE IS NO FEE TO PURCHASE EARLY.

90 DAY SAME AS CASH AVAILABLE

Warranty

WORKMANSHIP WARRANTY

Custom Sheds Plus believes in building "Solutions That Last". We will repair any defects in workmanship that show up in the first seven years from when the building was originally purchased.

MATERIALS WARRANTY

We know that building "Solutions That Last" starts with the materials that we use. Many of our components that we use come with a manufacturer's warranty. If at any point you do encounter any defects in the materials, please refer to the manufacturer's warranty. Please feel free to ask us if you have any questions!

OUR PROMISE

If your building develops any issues that hinders its usability under normal use, contact us. We will repair any issues caused by defective workmanship. Any defective materials will be replaced according to manufacturer's warranty.

CUSTOM SHEDS PLUS LLC
Where Quality Is Standard

Delivery

Our delivery drivers are committed to ensuring that you are completely satisfied with your building's placement and set up. We carry a unique piece of equipment, called a Mule, on each truck. The Mule is a maneuverable, forklift device to help place your new storage building into tight locations. A mule also minimizes damage to your yard, leaving tracks similar to those of a large mower.

Site Preparation

Not required, but we recommend a crushed limestone gravel pad for your structure's foundation. The placement of your structure needs to be within 6 inches level from corner to corner. If you lay a pad it should be installed in minimum of 2 feet wider and 3 feet longer than your structure. We recommend the limestone gravel be 4-6 inches thick. If your spot is uneven it could create the need for additional time and or additional setting by our delivery drivers. In this scenario there could be additional charges!
